APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy.** A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by crossing out the person's name in the enclosed form of proxy and inserting such other person's name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy.

A shareholder who has given a proxy may revoke it, as to any motion on which a vote has not already been cast pursuant to the authority conferred by it, by an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The revocation of a proxy, in order to be acted upon, must be sent at the same address where the form of proxy was sent and within the delays mentioned therein, or two business days

preceding the date the Meeting resumes if it is adjourned, or by delivering it to the chairman of such Meeting on the day of the Meeting or any adjournment thereof.

EXERCISE OF DISCRETION BY PROXIES

The persons named in the accompanying form of proxy will vote the shares in respect of which they are appointed, on any ballot that may be called for, in accordance with the instructions of the shareholder as indicated on the proxy. In the absence of such specification, such shares will be voted FOR the: (i) election of each director; (ii) appointment of the auditors; and (iii) resolution approving the 2009 Stock Option Plan of the Corporation, as set out under such headings in this Management Proxy Circular. Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting. As of the date hereof, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the persons named in the proxy.

VOTING SHARES

As at May 25, 2021, there were 149,793,861 issued and outstanding common shares of the Corporation. Each common share entitles the holder thereof to one vote. The Corporation has fixed May 25, 2021 as the record date (the "Record Date") for the purpose of determining shareholders entitled to receive notice of, and to vote at, the Meeting. Pursuant to the *Canada Business Corporations Act*, the Corporation is required to prepare, no later than ten days after the Record Date, an alphabetical list of shareholders entitled to vote as of the Record Date that shows the number of shares held by each shareholder. A shareholder whose name appears on the list referred to above is entitled to vote the shares shown opposite his or her name at the Meeting. The list of shareholders is available for inspection during usual business hours at the head office of the Corporation, TD Canada Trust Tower, Suite 1700, 421 7th Avenue S.W., Calgary, Alberta T2P 4K9 and at the Meeting.

NON-REGISTERED SHAREHOLDERS

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting.

However, in many cases, shares beneficially owned by a person (a "Non-Registered Holder") are registered either: (i) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the common shares, such as securities dealers or brokers, banks, trust companies, and trustees or administrators of self-administered RRSPs, RRIFFs, RESPs, TFSAs and similar plans; or (ii) in the name of a clearing agency of which the Intermediary is a participant. In accordance with National Instrument 54-101 of the Canadian Securities Administrators, entitled "Communication with Beneficial Owners of Securities of a Reporting Issuer", the Corporation has distributed copies of the Notice of Meeting and this Management Proxy Circular (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders, and often use a service company for this purpose.

Non-Registered Holders will typically be provided with a computerized form (often called a "voting instruction form") which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. In order for the applicable computerized form to validly constitute a voting instruction form, the Non-Registered Holder must properly complete and sign the form and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or service company. In certain cases, the Non-Registered Holder may provide such voting instructions to the Intermediary or its service company through the Internet or through a toll-free telephone number. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own.

Should a Non-Registered Holder who receives a voting instruction form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should print his or her own name, or that of such other person, on the voting instruction form and return it to the Intermediary or its service company. **Should a Non-Registered Holder who receives a proxy form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered**

Holder should strike out the names of the persons set out in the proxy form and insert the name of the Non-Registered Holder or such other person in the blank space provided and submit it in accordance with the instructions contained therein. A Non-Registered Holder may revoke voting instructions which have been given to an Intermediary at any time by written notice to the Intermediary.

In all cases, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when, where and by what means the voting instruction form must be delivered.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's executive compensation philosophy, objectives and process and to discuss compensation relating to each person who acted as Chief Executive Officer and as Chief Financial Officer and the three most highly-compensated executive officers (or three most highly-compensated individuals acting in a similar capacity), if any, other than the Chief Executive Officer and Chief Financial Officer, whose total compensation was more than \$150,000 in the Corporation's last financial year (each a **"Named Executive Officer"** and collectively the **"Named Executive Officers"**).

Compensation Committee

The Compensation Committee of the Board of Directors (the **"Compensation Committee"**) is currently comprised of three directors, namely Siang Hui (Joel) Chin, Benedict Leung and Paul Fung Yuen Law. Each of Messrs. Leung and Law, is an "independent" director within the meaning of National Instrument 52-110 — *Audit Committees*. The Board of Directors considers that Mr. Chin is not independent within the meaning of National Instrument 52-110 — *Audit Committees* in that he is the Chief Executive Officer of the Corporation and a senior officer of the principal operating subsidiary of the Corporation. The Board of Directors is of the view that the Compensation Committee collectively has the knowledge, experience and background to fulfill its mandate, and that each of the members of the Compensation Committee has direct experience relevant to his responsibilities regarding executive compensation. In particular, Mr. Leung is a Chartered Accountant, and has been the Chief Financial Officer of a number of public companies listed on the TSX Venture Exchange; and Mr. Law has extensive experience in the investment industry and has served managerial roles in a number of banks in Hong Kong, he is also the Chief Financial Officer of Boyuan Construction Group, Inc., a company listed on the Toronto Stock Exchange. These collective skills and extensive experience enable the Compensation Committee to make decisions on the suitability of the Corporation's compensation policies and practices.

The mandate of the Compensation Committee is to annually review and make recommendations to the Board of Directors with respect to the Corporation's compensation and benefit programs for the Named Executive Officers and directors as well as other members of senior management of the Corporation, including base salaries, annual incentives (bonuses) and stock option grants. In the assessment of the annual compensation of the Named Executive Officers, the Compensation Committee consults with senior management to develop, recommend and implement compensation philosophy and policy. The Compensation Committee also takes into consideration the competitiveness of the compensation packages offered to the Named Executive Officers. Compensation decisions are usually made in the first half of a fiscal year, in respect of performance achieved in the prior fiscal year.

Compensation Philosophy and Objectives

The Corporation is a small information technology company and, at present, does have limited financial resources. In light of the Corporation's current stage of development, it does not have a formal compensation program. The Board of Directors meets to discuss and determine management compensation without reference to formal criteria. The Chief Executive Officer makes recommendations to the Compensation Committee as to the compensation of the Corporation's executive officers, other than himself. The Compensation Committee makes recommendations to the Board of Directors as to the compensation of the Chief Executive Officer and the other Named Executive Officers. The general objective of the Corporation's compensation is to: (i) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (ii) align management's interests with the long-term interests of shareholders; (iii) provide a compensation package that enable the Corporation to attract and retain talent; and (iv) ensure that the total compensation package is designed in a manner that takes into account the constraints under which the Corporation operates by virtue of the fact that it is a small information technology company with limited financial resources.

Executive Compensation Policy and Process

The Corporation's executive compensation program is comprised of three main components: (i) base salary and benefits; (ii) annual incentive (bonuses); and (iii) long-term incentives, including stock options granted pursuant to the Corporation's 2009 Stock Option Plan. The following describes the Corporation's executive compensation program by components of compensation and discusses how each component relates to the Corporation's overall executive compensation objectives.

The executive compensation program is administered by the Compensation Committee of the Board of Directors. The Corporation does not have a formal policy with respect to the remuneration of the Named Executive Officers. In determining the compensation of the Named Executive Officers, the Compensation Committee considers, among other things, the contribution of each such individual to the Corporation and the financial resources of the Corporation.

External Compensation Consultant

To ensure the competitiveness of the compensation offered to the Named Executive Officers and other senior executives of the Corporation, the Compensation Committee may retain, from time to time, the services of executive compensation consultants to provide advice on executive compensation. All decisions with respect to executive compensation are made by the Board of Directors on recommendation of the Compensation Committee and may reflect factors and considerations that differ from information and recommendations provided by such consultants, such as merit and the need to retain high-performing executives. To date, the Corporation did not retain the services of a compensation consultant to provide advice on executive compensation to the Board of Directors or the Compensation Committee.

Compensation Process

The Compensation Committee ensures that total compensation paid to all Named Executive Officers is fair and reasonable and accomplishes the following long-term objectives:

- produce long-term, positive results for the Corporation's shareholders;
- align executive compensation with corporate performance; and
- provide market-competitive compensation and benefits that will enable the Corporation to recruit, retain and motivate the executive talent necessary to be successful.

Elements of Executive Compensation

The compensation paid to Named Executive Officers is comprised of three main components: base salary, annual incentives (bonuses) and long-term incentives, in the form of stock options granted pursuant to the 2009 Stock Option Plan. The following discussion describes the components of compensation and discusses how each component relates to the Corporation's overall executive compensation objective. The Corporation believes that:

- base salaries provide an immediate cash incentive for the Corporation's Named Executive Officers and should be at levels competitive with peer companies that compete with the Corporation for business opportunities and executive talent;
- annual incentive bonuses encourage and reward performance over the financial year compared to predefined goals and objectives and reflect prowess toward company-wide performance objectives and personal objectives; and
- stock options ensure that the Named Executive Officers are motivated to achieve long-term growth of the Corporation and increases in shareholder value, and provide capital accumulation linked directly to the Corporation's performance.

The Corporation places equal emphasis on base salary and stock options as short-term and long-term incentives, respectively.

Base Salaries

The Named Executive Officers receive a base salary which is based primarily on the level of responsibility of the position, the qualifications and experience of the officer and market conditions.

The base salaries of the Named Executive Officers are reviewed annually to ensure that they take into account the following factors: market and economic conditions, levels of responsibility and accountability of each Named Executive Officer, skill and competencies of each individual, retention considerations, and level of demonstrated performance.

Base salaries, including that of the Chief Executive Officer, are reviewed by the Compensation Committee on the basis of its opinion as to a fair and responsible compensation package, taking into account the contribution of the Chief Executive Officer to the Corporation's long-term growth and the knowledge of the members of the Compensation Committee with respect to remuneration practices in Canada but also in Hong Kong and Singapore.

Variable Cash Incentive Awards — Bonuses

The Compensation Committee's philosophy with respect to Named Executive Officer bonuses is to align the payment of bonuses with the performance of the Corporation, based on predefined goals and objectives established by the Compensation Committee and management and the relative contribution of each of the executive officers, including the Chief Executive Officer, to that performance. During the financial year ended December 31, 2020, the Corporation did not pay any bonuses to its Named Executive Officers.

Long-Term Incentive Plans and Stock Option Plan

The Corporation has no long-term incentive plans other than the 2009 Stock Option Plan. The Corporation provides long-term incentive compensation to its Named Executive Officers through the 2009 Stock Option Plan. For the material terms and conditions of the 2009 Stock Option Plan, see "Stock Option Plan" below.

Group Benefits/Perquisites

The officers of the Corporation do not benefit from any life, medical, long-term disability or other insurance, except for group directors and officers insurance. None of the officers benefit from a retirement plan, other than the MPF scheme described below and applicable to officers resident of Singapore only.

The Corporation maintains a defined contribution Mandatory Provident Fund retirement benefits scheme (the "**MPF scheme**") under the Singapore Mandatory Provident Fund Schemes for those employees who are eligible to participate in the MPF scheme. Contributions are made based on a percentage of an employees' basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF scheme. The assets of the MPF scheme are held separately from those of the Corporation in an independently administered fund. The Corporation's contributions as an employer vest fully with the employees when contributed into the MPF scheme.

Assessment of Risks Associated with the Corporation's Compensation Policies and Practices

The Compensation Committee has assessed the Corporation's compensation plans and programs for its executive officers to ensure alignment with the Corporation's business plan and to evaluate the potential risks associated with those plans and programs. The Compensation Committee has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Corporation.

The Compensation Committee considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

The Corporation has not adopted a policy restricting its Named Executive Officers or directors from purchasing financial instruments that are designated to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by its Named Executive Officers or directors. To the knowledge of the Corporation, none of the Named Executive Officers or directors has purchased such financial instruments.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No person who is, or who was at any time during the financial year ended December 31, 2020, a director, executive officer or senior officer of the Corporation or a subsidiary thereof, and no person who is a nominee for election as a director of the Corporation and no associate of such persons, is, or was at any time since the beginning of the financial year ended December 31, 2020, indebted to the Corporation or a subsidiary of the Corporation, nor has any such person been indebted at any time since the beginning of the financial year ended December 31, 2020 to any other entity where such indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or a subsidiary of the Corporation.

REPRESENTATION OF WOMEN

The Board of Directors encourages diversity on the Board of Directors. For the time being, the Corporation has not deemed necessary to adopt a formal written policy on seeking and selecting candidates for the positions of directors and setting targets in this regard. There is currently one woman sitting on the Board of Directors of the Corporation representing 25% of all directors of the Corporation.

For senior management, the Board of Directors considers representation by women when making executive officer appointments but has not set a target in this regard. The Board of Directors considers above all each candidate's qualifications and competencies in order to create as much value as possible for the Corporation, its shareholder and stakeholders. The current interim Chief Financial Officer of the Corporation is a woman.

DIVERSITY

On January 1, 2020, amendments to the *Canada Business Corporations Act* entered into force requiring new disclosure of the number of: (i) women, (ii) Aboriginal peoples; (iii) people with disabilities; and (iv) members of visible minorities (collectively, the "**Designated Groups**") on the Board of Directors and in senior management positions with the Corporation.

The Corporation recognizes the benefits of diversity within its Board of Directors, at the senior management level and all levels of the organization. Due to its size, industry sector and the number of Board of Directors members and management, the Corporation has not adopted a formal written policy on the search for and selection of members of Designated Groups as directors and members of senior management. The Corporation does not believe that a formal policy would enhance the representation of Designated Groups on the Board of Directors beyond the current recruitment and selection process.

The Corporation evaluates the necessary competencies, skills, experience and other qualifications of each candidate as a whole and considers the representation of Designated Groups as one of many factors in the recruitment and selection of candidates for Board of Directors and senior management positions.

The Corporation recognizes the value of individuals with diverse attributes on the Board of Directors and in senior management positions. However, the Board of Directors has not adopted formal targets regarding members of Designated Groups being represented on the Board of Directors or holding senior management positions. The representation of Designated Groups is one of many factors considered in the overall recruitment and selection process in respect of Board of Directors and senior management positions at the Corporation. The Board of Directors does not believe that formal targets would enhance the representation of Designated Groups on the board or in senior management positions beyond the current recruitment and selection process.

Currently, there is one member of the Designated Group on the Board of Directors (representing 25% of directors) and one member of the Designated Group in management, the current interim Chief Financial Officer (representing 50% of management).

The Board of Directors has not adopted a formal policy relating to term limits for directors. The Board of Directors strives to be constituted to achieve a balance between experience and the need for renewal and fresh perspective. The Board of Directors does not believe such policy is appropriate given the Corporation's size and stage of development. The Board of Directors is of the view that term limits may disadvantage the Corporation through the loss of beneficial contributions from its directors.

AUDIT COMMITTEE

Charter of the Audit Committee

The Charter of the Audit Committee is annexed to this Management Proxy Circular as Schedule "B".

Composition of the Audit Committee

The Audit Committee is composed of Benedict Leung, Paul Fung Yuen Law and Siang Hui (Joel) Chin. Under National Instrument 52-110 *Audit Committees*, a member of an Audit Committee is "independent" if he or she has no direct or indirect material relationship with the issuer, that is, a relationship which could, in the view of the Board of Directors, reasonably interfere with the exercise of the member's independent judgment.

The Board of Directors has determined that Siang Hui (Joel) Chin is not an independent member of the Audit Committee as he is the Chief Executive Officer of the Corporation. The Board of Directors has further determined that Benedict Leung and Paul Fung Yuen Law are independent members of the Audit Committee.

The Board of Directors has determined that each of the three members of the Audit Committee is "financially literate" within the meaning of section 1.5 of National Instrument 52-110 — *Audit Committees*, that is, each member has the ability to read and understand a set of financial statements that presents a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements.

Relevant Education and Experience

The education and related experience of each of the members of the Audit Committee that is relevant to the performance of his responsibilities as a member of the Audit Committee is described below.

Siang Hui (Joel) Chin has extensive experience in starting and managing technology companies. Mr. Chin is the Chief Executive Officer of the Corporation and is in charge of corporate strategy, planning and management of the Corporation. He is concurrently the Chief Executive Officer and co-founder of Inphosoft Group Pte. Ltd., a wholly owned subsidiary of the Corporation with offices in Singapore, Malaysia and Indonesia. At the same time, Mr. Chin is an active seed investor in technology companies in Asia and has provided funding to several start-ups. Mr. Chin graduated from the Nanyang Technological University of Singapore in 1997 with a Bachelor in Applied Science with merits in Computer Engineering.

Benedict Leung is a Chartered Accountant, and has been the Chief Financial Officer of a number of public companies. Mr. Leung was a Director and Chief Financial Officer of iFuture.com Inc. between April 2003 and April 2005, and the Chief Financial Officer of MTW Solution Online Inc. from March 2000 to July 2000, which were both listed on the TSX Venture Exchange.

Paul Fung Yuen Law has extensive experience in the investment industry and has served managerial roles in a number of banks in Hong Kong. Mr. Law holds a Masters of Business Administrations degree in Finance from the University of British Columbia and is a Certified Public Accountant. Mr. Law is also the Chief Financial Officer of Boyuan Construction Group, Inc., a company listed on the Toronto Stock Exchange since June 2010.

Audit Committee Oversight

At no time since the commencement of the Corporation's most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. However, the Charter of the Audit Committee provides that the provision of any non-audit services must first be considered by the Audit Committee.

External Auditor Fees

(a) Audit Fees

"Audit fees" consist of fees for professional services for the audit of the Corporation's annual financial statements, assistance with interim financial statements, and related matters. During the financial years ended December 31, 2020 and 2019, RSM, the current external auditor of the Corporation, billed the Corporation \$123,236 and \$119,331, respectively, in audit fees.

(b) Audit-Related Fees

"Audit-related fees" consist of fees for professional services that are reasonably related to the performance of the audit or review of the Corporation's financial statements and which are not reported under "Audit Fees" above. During the financial years ended December 31, 2020 and 2019, RSM, the current external auditor of the Corporation, did not bill the Corporation any audit-related fees.

(c) Tax Fees

"Tax fees" consist of fees for professional services for tax compliance, tax advice and tax planning. During the financial years ended December 31, 2020 and 2019, RSM, the current external auditor of the Corporation, did not bill the Corporation any tax fees.

(d) All Other Fees

"All Other Fees" consist of fees for services other than the audit fees, audit-related fees and tax fees described above. During the financial years ended December 31, 2020 and 2019, RSM, the current external auditor of the Corporation, did not bill the Corporation any other fees.

Reliance on Certain Exemptions

The Corporation is relying on the exemption set out in section 6.1 of National Instrument 52-110 — *Audit Committees*, with respect to the composition of the Audit Committee and certain reporting obligations.

APPOINTMENT OF AUDITORS

Management intends to nominate RSM Hong Kong, 29th Floor, Lee Garden Two, 28 Yun Ping Road, Causeway Bay, Hong Kong, ("**RSM**") the current auditors of the Corporation for appointment as auditors of the Corporation at the Meeting to hold office until the next annual meeting of Shareholders, and to authorize the directors to fix their remuneration.

Except where authorization to vote with respect to the appointment of auditors is withheld, the persons named in the accompanying form of proxy intend to vote FOR the appointment of RSM, as the auditors of the Corporation until the next annual meeting of shareholders.

STOCK OPTION PLAN

The 2009 Stock Option Plan (the "**2009 Stock Option Plan**") of the Corporation was established by the Board of Directors of the Corporation on May 13, 2009 and approved by the shareholders of the Corporation at an annual and special meeting held on September 30, 2010 and subsequently ratified on December 3, 2012. Under the 2009 Plan, the number of shares reserved for issuance under the 2009 Stock Option Plan is equal to a maximum of 10% of the number of common shares issued and outstanding from time-to-time. This is known as a "rolling" stock option plan. Under a "rolling" stock option plan, the number of common shares which may be issued automatically increases as the number of issued and outstanding common shares increases

The following are the material terms and conditions of the 2009 Stock Option Plan:

- (i) the Board of Directors may grant options to employees, officers and directors of, and consultants to, the Corporation and its subsidiaries;
- (ii) the maximum number of common shares that may be issued under the 2009 Stock Option Plan is equal to 10% of the total number of issued and outstanding common shares of the Corporation from time to time,
- (iii) the total number of common shares reserved for issuance upon the exercise of options by any director, officer or employee cannot exceed, during any twelve-month period, 5% of the issued and outstanding common shares of the Corporation;
- (iv) the total number of common shares reserved for issuance upon the exercise of options by any consultant cannot exceed, during any twelve-month period, 2% of the issued and outstanding common shares of the Corporation;
- (v) the total number of common shares reserved for issuance upon the exercise of options by any employee performing investor-relation activities cannot exceed, during any twelve-month period, 2% of the issued and outstanding common shares of the Corporation;
- (vi) the exercise price of options is determined by the Board of Directors at the time options are granted, but cannot be less than the closing price of the common shares of the Corporation on the trading day immediately preceding the day on which an option is granted;
- (vii) the vesting period in respect of options is determined by the Board of Directors at the time options are granted, options granted to consultants performing investor relations activities will contain vesting provisions such that vesting occurs over at least 12 months with no more than $\frac{1}{4}$ of the options vesting in any 3 month period;
- (viii) options expire on a date determined by the Board of Directors at the time options are granted, which cannot be more than ten years after the date of grant;
- (ix) if an optionee dies, any option held by the optionee may be exercised at the latest on the date of expiry of the option or one year after the date of death, whichever occurs first, after which the option is null and void;
- (x) if an optionee ceases to be eligible under the 2009 Stock Option Plan for any reason other than death, any vested option held by such optionee may be exercised by such optionee to the extent that the optionee was entitled to exercise it at the date of such cessation;
- (xi) options are not transferable, other than by the laws of succession; and
- (xii) the option price is payable in full at the time an option is exercised.

Under TSX Venture Exchange Policy 4.4 *Incentive Stock Options*, a "rolling" stock option plan, such as the 2009 Stock Option Plan, must receive shareholder approval yearly, at the annual meeting of shareholders. Accordingly, at the Meeting, shareholders will be asked to adopt a resolution in the form annexed to this Management Proxy Circular as Schedule "A", approving the 2009 Stock Option Plan. In order to be adopted, the resolution must be approved by a majority of the votes cast by the holders of the common shares, either present in person or represented by proxy at the Meeting.

Unless otherwise specified, the persons named in the accompanying form of proxy intend to vote FOR the resolution.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

For the purposes of this Management Proxy Circular, "informed person" means: (i) a director or executive officer of the Corporation; (ii) a director or executive officer of a person or corporation that is itself an informed person or subsidiary of the Corporation; (iii) any person or corporation who beneficially owns, directly or indirectly, voting securities of the Corporation or who exercises control or direction over voting securities of the Corporation or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of the Corporation, other than voting securities held by the person or corporation as underwriter in the course of a distribution; and (iv) the Corporation if it has purchased, redeemed or otherwise acquired any of its own securities, for so long as it holds any of its securities.

To the best of the Corporation's knowledge, no informed person of the Corporation or nominees proposed for election as directors, and no associate or affiliate of the foregoing persons, at any time since the beginning of the Corporation's last completed financial year, has or had any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the beginning of the Corporation's last completed financial year that has materially affected the Corporation, or in any proposed transaction that could materially affect the Corporation, or in any matter to be acted upon at this Meeting.

OTHER MATTERS

Management of the Corporation knows of no other matter to come before the Meeting other than those referred to in the Notice of Meeting. However, if any other matters which are not known to the management should properly come before the Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein to vote on such matters in accordance with their best judgment.

SHAREHOLDER PROPOSALS

The *Canada Business Corporations Act* provides, in effect, that a registered holder or beneficial owner of shares that is entitled to vote at an annual meeting of the Corporation may submit to the Corporation notice of any matter that the person proposes to raise at the meeting (referred to as a "**Proposal**") and discuss at the meeting any matter in respect of which the person would have been entitled to submit a Proposal. The *Canada Business Corporations Act* further provides, in effect, that the Corporation must set out the Proposal in its management proxy circular along with, if so requested by the person who makes the Proposal, a statement in support of the Proposal by such person. However, the Corporation will not be required to set out the Proposal in its management proxy circular or include a supporting statement if among other things, the Proposal is not submitted to the Corporation at least 90 days before the anniversary date of the notice of meeting that was sent to the shareholders in connection with the previous annual meeting of shareholders of the Corporation.

The foregoing is a summary only; shareholders should carefully review the provisions of the *Canada Business Corporations Act* relating to Proposals and consult with a legal advisor.

CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 — *Corporate Governance Guidelines* and National Instrument 58-101 — *Disclosure of Corporate Governance Practices* set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. Each reporting issuer, such as the Corporation, must disclose on an annual basis and in prescribed form, the corporate governance practices that it has adopted. The following is the Corporation's required annual disclosure of its corporate governance practices.

1. Board of Directors

Disclose how the board of directors facilitates its exercise of independent supervision over management, including:

- a. the identity of directors who are independent; and*

b. the identity of directors who are not independent, and the basis for that determination.

The Board of Directors considers that Paul Fung Yuen Law and Benedict Leung are independent within the meaning of National Instrument 52-110 — *Audit Committees*. The Board of Directors considers that Kuen Kuen (Vivian) Lau and Siang Hui (Joel) Chin are not independent within the meaning of National Instrument 52-110 — *Audit Committees* in that Mrs. Lau is the Financial Controller of the ultimate parent of the Corporation, Beat Holdings Limited (formerly known as Xinhua Holdings Limited) and Mr. Chin is the Chief Executive Officer of the Corporation and a senior officer of the principal operating subsidiary of the Corporation.

Meetings of the Board of Directors are chaired by Siang Hui (Joel) Chin, a non-independent director. If necessary, the independent members of the Board of Directors can meet without non-independent directors and members of management present. Important matters are discussed within the committees of the Board of Directors, which are comprised for the most part of independent directors. These factors allow the Board of Directors to preserve its independence with respect to management of the Corporation and to exercise its independent supervision over management.

2. Directorships

If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

No director of the Corporation is currently a director of another issuer that is a reporting issuer (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction.

3. Orientation and Continuing Education

Describe what steps, if any, the board takes to orient new board members, and describe any measures the board takes to provide continuing education for directors.

The Corporation does not currently have a formal orientation program for new directors. However, the Corporation provides an overview of the business activities, systems and business plan of the Corporation to all new directors. New director candidates have free access to any employees or senior management of the Corporation in order to conduct their own due diligence and will be briefed on the strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies and the existing policies of the Corporation. The Board of Directors has not taken any measures to provide continuing education for the directors.

4. Ethical Business Conduct

Describe what steps, if any, the board takes to encourage and promote a culture of ethical business conduct.

In light of the Corporation's stage of development and its limited number of employees, the Board of Directors has not taken formal steps to encourage and promote a culture of ethical business conduct. The Corporation does take measures to ensure that the directors and senior officers do not trade in the Corporation's shares at a time when disclosure of material information is pending.

Notwithstanding the absence of a formal code of conduct, the Board of Directors believes that the fiduciary duties placed on individual directors by the *Canada Business Corporations Act* and the common law, as well as the restrictions placed by the *Canada Business Corporations Act* on an individual director's participation in decisions of the Board of Directors in which the director has an interest, have been sufficient to ensure that the Board of Directors operates independently of management and in the best interests of the Corporation.

5. Nomination of Directors

Disclose what steps, if any, are taken to identify new candidates for board nomination, including:

- (i) who identifies new candidates; and*
- (ii) the process of identifying new candidates.*

The Board of Directors will consider new candidates for nomination, if deemed necessary. The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of view and experience.

6. Compensation

Disclose what steps, if any, are taken to determine compensation for the directors and CEO, including:

- (i) *who determines compensation; and*

The compensation of the directors and Chief Executive Officer of the Corporation is determined by the Board of Directors upon the recommendation of the Compensation Committee. In determining the compensation of the directors and Chief Executive Officer the Board considers the size of the Corporation and its financial resources.

- (ii) *the process of determining compensation.*

The process by which the Corporation currently determines the compensation of its executive officers and directors is described in the section entitled "Compensation of Executive Officers and Directors — Compensation Discussion and Analysis" above.

7. Other Board Committees

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

The Board of Directors does not have any standing committees other than the Audit Committee and the Compensation Committee.

8. Assessments

Disclose what steps, if any, that the Board takes to satisfy itself that the board, its committees, and its individual directors are performing effectively.

The Board of Directors is responsible for assessing the effectiveness of the Board of Directors, its committees and individual directors and the competence and qualifications that each director is required to bring to the Board of Directors. Although no formal process has been put in place for such assessment, the Board of Directors conducts informal assessments on an as-needed basis. In this regard, the Board of Directors from time-to-time examines and comments on its effectiveness and that of its committees, and makes adjustments when warranted.
